

# CAPBs® sens TK40

Temperature

## Description

Air probe for measurement of the temperature in air.

## Application

- Temperature measurement

## Technical specifications

Dimensions H x W x D	187 x 42 x 35 mm
Probe diameter	4.7 mm
Measuring range	-50 / +400 °C
Accuracy	±1.5 °C or 1 % RDG
Resolution	0.1 °C
Part no.	M090 00 25 10
