

CAPBs® sens TK50

Temperature

Description

Surface probe for measurement of the temperature on surfaces.

Application

- Temperature measurement

Technical specifications

Dimensions H x W x D	187 x 42 x 35 mm
Probe diameter	4 mm
Measuring range	-50 / +400 °C
Accuracy	±1.5 °C or 1 % RDG
Resolution	0.1 °C
Part no.	M090 00 26 10
